

Learn: Rhythm Adult

eLearning

Learn:® Rhythm Adult is an online, self-directed course that introduces healthcare providers to normal cardiac rhythms and prepares them to recognize basic cardiac arrhythmias in clinical practice.

From the course, healthcare providers improve their skill in ECG rhythm recognition, which is a key skill required to successfully determine a patient's condition, know which algorithm to apply, and provide better patient treatment. This course features a combination of audio, animation, interactive activities, and self-assessment portions. The course is self-paced and is completed entirely online.

Course Content

- Basic rhythm understanding
- Common arrhythmias
- Identifying and distinguishing various arrhythmias
- Relationship between the ECG strip and heart impulses
